

resilience[®] Plus

Resilience Plus provides soft, clean water with gentle chemistry levels that helps keep your eyes clear and your skin velvety soft, while protecting blonde and dyed hair.

Our system uses mineral salts to produce a natural form of chlorine that purifies the water and eliminates the negative side effects associated with traditional chlorine pools.

Just turn it on and let it automatically balance, control, and purify your pool.

resilience[®] Plus

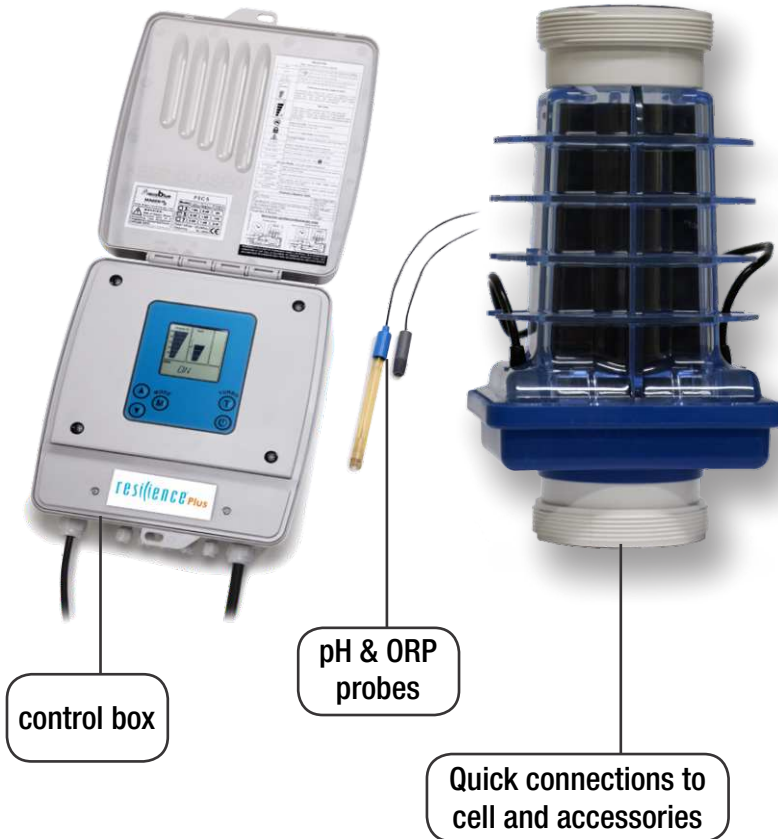

- CLGD40 - 40K SALT SYSTEM ONLY
- CLGD60 - 60K SALT SYSTEM ONLY
- CLGD60+ - Includes pH/ORP/pump
